

Which Curriculum is Right for Your New Church or Mission?

Congratulations! As a new Southern Baptist church or mission, you are embarking on an exciting spiritual journey. The members and members-to-be of your new group have a wonderful opportunity to establish and build upon their spiritual foundations through ongoing Bible study, prayer, and worship. LifeWay Christian Resources of the Southern Baptist Convention welcomes the opportunity to help you get off to a strong start by offering one quarter of FREE MATERIALS for your new church or mission! Our goal is to provide the highest quality products and services that will best help you reach people with the gospel of Jesus Christ and then nurture them in their Christian growth.

The attached order form identifies several options for your congregation to consider. **Family Bible Study** is designed for preschoolers, children, youth, and adults in churches that want common Bible study themes for all age groups and an intentional focus on families and relationships. The series also aims to encourage parents who wish to be actively engaged in the spiritual development of their children. The series offers studies of major portions of the Bible in six-year cycles. All lessons are designed, written, and edited by Southern Baptists. Leader and learner resources print and provide commentary based on the *New International Version*. You will see there are options if your church prefers to use resources where the *King James Version* is used. The suggested teaching-learning activities are familiar in approach and seek to involve class members in the teaching-learning process. You will also see options for using **Bible Foundations** resources for preschoolers and children, **LifeTrak** for youth, and **Explore the Bible** for adults. All of these resources are designed to help your congregation focus on the work of the Great Commission.

Resources to help you in your **Discipleship Ministry** are included in this offer as options to help leaders develop or strengthen the discipleship ministry in your church and are designed to help you begin and grow an intentional discipleship ministry.

Music Ministry provides a wonderful opportunity for church members to share their gifts while also helping your church ministry grow. You may desire to start a small choir, incorporate drama into your worship, or simply provide congregational singing or keyboard music during the offertory. Within the resource options we offer, you will find congregational hymnals, easy-to-learn choir songs, accessible piano and organ selections, and ideas for simple dramatic readings as well as children's worship

The annual *LifeWay Church Resources Catalog* offers up-to-date information on all materials. If you do not have access to a copy of the catalog through your church or association, request a copy from the Customer Service Center, One LifeWay Plaza, Nashville, Tennessee 37234, call toll-free 1-800-458-2772, email CustomerService@LifeWay.com, or fax 1-615-251-5933.
